 - High waste capacity to reduce clearing frequency
-

Other Questions

- i) Item 4.5.(xii) - Do you require CVs for all the 9 cleaners?
Answer: Yes, please submit the CVs of the staff component
- ii) Do we complete the Due Diligence Form as well? It has a lot of questions that seem to be “not applicable” to this type of bid, eg Access Control – not sure how to answer some of these questions, as they seem to relate to the client control.
Answer: Please submit this as it is a compulsory document
- iii) Locality – Johannesburg, Durban, or Cape town? Does one get more points by being closer to the EPPF offices (Bryanston East as opposed to being in Durban)?
Answer: There are points that are given for the location of the business.
